RICH, PURE, SAFE—OUR PASTEURIZED MILK.

JANESEVILLE PURE  
MILK COMPANYLADY FEILDING TO  
WED FIGHTING MAN

The announcement has just been made of the engagement of Lady Dorothy Fielding, the second of the seven daughters of the Earl and Countess of Denbigh, to Captain Charles Moore, Irish Guards, of Molesfoot, Tipperary. The wedding will take place shortly. Lady Dorothy was born in 1889, and has been an ardent war worker. For her service she has been awarded the British military medal, the Order of Leopold of Belgium and the Croix de Guerre.

**Type.**  
The form of type known as italic is so called because it was first made by an Italian printer, Aldus Manutius, in 1500. Roman type takes its name from its resemblance to the characters used by the Romans.

To clean painted walls dissolve two ounces of borax in two quarts of water, add a teaspoonful of ammonia, and use half of this amount to a gall of water, using no soap.

BATHERS DEMANDING  
BETTER FACILITIES  
AT GOOSE ISLAND

Inadequate Dressing Room Accommodations May Result in a Petition to Mayor.

Over two hundred bathers were again disappointed at Goose Island beach Monday evening because of the lack of dressing rooms for their use. It is true that two bathhouses have been erected but these are for the use of school children and are only kept open afternoons from three to five o'clock.

A petition has already been started which will be presented to Mayor Haith this week requesting that an attendant be appointed for the beach and thus arrange to keep the bathhouse open until 8:30 o'clock every evening. The expense will be a negligible factor and the creation of a municipal beach of this nature will be a decided asset to the city. If proper facilities are not provided at Goose Island for bathers, it is believed that at least five hundred people would avail themselves of the opportunity to take a swim every hot evening.

Many automobile parties journeyed to Goose Island around seven o'clock last evening, the occupants of the cars being attired in swimming costume. The arrival of every automobile invariably brings out to some solitary individual who is caught unaware in time of dressing and is forced to hasten from his carefully selected spot into the wilds of the soggy marsh just behind the bathing beach.

Goose Island is ideally located for a municipal beach and if the people of the city demand the proper facilities be provided, there is no reason why prompt action cannot be taken by city officials to remedy the existing condition there.

About two hundred people have already signed the petition that is being circulated, among whom are many prominent business men and their wives. Many suggestions have been made in regard to providing dressing rooms. One man believes that a tent should be erected temporarily to take care of the excess crowd. It is certain as soon as the people of Janeville really find the Rock river, they will demand that proper bathing facilities be provided. Inasmuch as bathhouses have already been erected, this is the time to allow the people the use of same.

BUSY PLAYGROUND  
PROGRAM OUTLINED

Director Hemming Announces Track and Field Meet, Swimming Events and Tennis Tournament.

The children of the city will have a busy time during the next three weeks. The playground directors have outlined a series of events which will mark the closing of the playground season. The list includes baseball games, a track and field meet, swimming meet and a tennis tournament.

Interest is being shown in the remaining games of the boys' indoor baseball schedule which will soon be completed. Due to the number of events to be staged it has been necessary to change the date of two of the games. The schedule is as follows:

August 1—Adams vs. Jefferson, at Jefferson; Webster vs. Washington at Washington.

August 6—Adams vs. Webster at Webster; Washington vs. Jefferson at Washington.

The final games between the Webster and Jefferson and the Adams and the Washington will be played on a date which is yet to be determined.

The swimming meet will be held on Friday and Saturday, the 10th and 11th of August. Friday will be the boys' swimming meet, and Saturday will be for the girls. The announcement of the events to be contested will be made later.

The track and field meet will be held at the fair grounds, August 8th. The events for both the boys and girls will begin at 1:45 in the afternoon.

The tennis tournament should for August 13 and 14. There will be two classes, boys' and girls' and the division will be made at fifteen years of age.

Those fifteen and under will be in one class, and those from sixteen up will be in the other class. Singles and doubles will be played in both classes. Preliminary tournaments are now being held on the various grounds to determine who will take part in the events to be held at the Jefferson courts.

The attendance at the swimming beach has been very good during the past week. The daily attendance on Girl's Day has been one hundred and fifty while the boys total mounted to near the two hundred mark for each day. Many of the older people of the city are taking advantage of the opportunity to use the bathing facilities in the afternoon. The older people are welcome providing they do not interfere with the playground children, for whom the houses were built. On Girl's Day no men will be allowed unless they are accompanied by ladies or unless accompanied by children.

MEMBERS OF U. B. CHURCH  
GIVE TESTAMENTS TO CO. M

At the regular church service on Sunday an appropriate little testi-

monial was given to each member of the U. B. church who had joined Company M. It was in the form of a Testament, bound in black and lettered in silver, and was a beautiful token of the regard felt by the church members for their boys who had joined the colors. Rev. Clark Cummings made the presentation in a few well chosen words, voicing the appreciation of the congregation toward the boys and the local company.

PLAN FOR VISIT OF  
BIG BOOSTER TOUR

Seventy-five Machines With Hundreds of People to Stop Over Night in Janeville.

The revised schedule for the annual tour of the Milwaukee Automobile Dealers' association leaves Janeville as the terminus of the first night's journey. The start will be made on August twenty-first, leaving Milwaukee at 8 a. m., and stops will be made at Mukwonago, East Troy, Eagle, Palmyra, Whitewater, Ft. Atkinson, Milton, Milton Junction and Edgerton, before arriving at Janeville.

The official pathfinder has already passed over the trail. Although many bids were made by other cities for the privilege of entertaining the boosters for the first evening on their annual pilgrimage, it speaks well for the efforts of the local men in landing the honor. E. A. Kemmerer, chairman of the local reception committee, is chuckling to think of these days, and it is certain something will be served up that evening which will make the visitors remember Janeville as a "bright spot."

The committee assisting Mr. Kemmerer in preparing for the gala event includes: Roy Wisner, Louis Levy and H. H. Bliss, representing the Commercial club.

The tour, comprising some hundred people and about seventy-five automobiles, has become an annual affair for the purpose of boosting the Wisconsin state fair at Milwaukee. Many prominent men will accompany the boosters, Governor Philipp perhaps being one.

Leaving Janeville on the morning of August 21st, they will visit Beloit, Orfordville, Brodhead, Juda, Monroe, Monticello, Albany, Evansville, Stoughton and Oregon, before arriving at Madison, their second night's stop, where a banquet will be given them.

The itinerary of the tour will include seventy-four villages and cities, with Beloit as the southern limit, the Dela of Wisconsin the western terminal, and Shawano the northern.

A delegation of local ministers will drive out in the country to meet the visitors, the parades headed by the Bower City band and the boosters' band of forty pieces will accompany the tour to the city. The reception committee, under Mr. Kemmerer's leadership, are straining every effort to provide unusual features in the line of amusement and a few stunts, but he plans to do with the grounds, but it is possible that they will be broken up into lots and sold as an addition.

BELOIT FAIR OFF;  
LEAVES JANESEVILLE  
ALONE IN THE FIELD

Local Fair Association Will Stage Only Exhibit in County.—Evansville Fair Date Cancelled.

As the result of the decision of the Beloit fair directors, arrived at on Monday, not to hold a fair this year, the Janeville fair association is alone in the field as far as fairs for Rock county are concerned this season. The decision of the Rock county fair association at Evansville canceling the 1917 date, was reached several weeks ago.

Without competition from Evansville or Beloit prospects are brighter than ever for a big showing at the local fair grounds August 14, 15, 16 and 17. A fine program is being lined up and there is every indication of high class exhibits of stock and agricultural products.

The unusual number of fine gardens will increase the showing in the horticultural de-

## TODAY'S MARKETS.

TELEPHONE MARKET SERVICE.  
Our subscribers who are interested in the livestock markets may secure quotations daily between the hours of 1:00 and 2:30, by calling the Gazette Office, No. 77, either phone.

Hogs—Receipts 9,000; market firm, bushels of sales 15.00@16.00; light 14.75@16.00; mixed 14.50@16.20; heavy 14.40@16.25; rough 14.40@14.65; pigs 11.50@14.40.

Cattle—Receipts 2,000; market firm, native beef steer 7.60@8.40; western steers 8.40@8.60; stockers and feeders 5.80@6.00; cows and half-cows 4.50@11.65; calves 8.75@13.00.

Sheep—Receipts 9,000; market weak; wethers 7.60@10.75; lambs, native 3.50@15.40.

Butter—Steady; receipts 19,237 tubs; creamy extras 33; extra firsts 37,237; seconds 35@36; firsts 36 1/2@37.

Cheese—Unsalted: dairies 2,140; long horns 21 1/2@22 1/2; young American 21 1/2@22 1/2; twins 20 1/2@21.

Eggs—Unchanged; receipts 17,314 cases.

Potatoes—Lower; receipts 60 cars.

Poultry—Alive: Higher; fowls 15 1/2@19; spring 22@23.

Wheat—July: Opening 2,64; high 2,74; low 2,64; closing 2,74; Sept. No opening quotation; high 2,23 1/2; low 2,17; closing 2,21.

Corn—Sept.: Opening 1,63 1/2; high 1,64 1/2; low 1,63 1/2; closing 1,64 1/2.

Oats—July: Opening 73 1/2; high 70; low 78 1/2; closing 85; Sept.: Opening 60 1/2; high 61 1/2; low 59 1/2; closing 60.

Cash Market

Wheat—No. 2 red nominal; No. 3 red 2.60; No. 2 hard nominal; No. 3 hard 2.69.

Corn—No. 2 yellow 2.32@2.33 1/2; No. 3 yellow 2.32; No. 4 yellow nominal.

Oats—No. 3 white 73@71; standard 81 1/2@82 1/2.

Timothy—\$4.00@7.50.

Clover—\$12@17.

Pork—\$40.35.

Lard—\$21.00.

Ribbs—\$21.75@22.35.

Rye—No. 2 12@21.5.

Barley—\$1.25@1.52.

Monday's Market.  
Chicago, July 31—After a strong start yesterday's hog market weakened and closed 10@150 below opening quotations. Swift & Company paid as high as \$16.30 for fancy heavy grades.

Speculators bought fewer swine than usual and shipping orders were small. Record prices for pork joints and some other cuts of hog products held up only temporarily.

Less than 600 carloads of livestock were received yesterday, being practically 1,000 less than previous Monday. The switchmen's strike, which was settled early yesterday morning, was accountable for the small receipts.

Average price of hogs at Chicago was \$10.60, against \$10.65 Saturday, \$15.15 a week ago, \$9.64 a year ago and \$4.38 five years ago.

Only Prime Steers Up.

Butcher stock and bulls were slow and weak yesterday as compared with last week's close. Prime steers ruled 10@25 higher, but few of this class was available. Bulk of other steers sold steady and some of the grassy lots were weak at \$1@1.50. Cows turned steady and finished up with a good class late under \$12. No country orders were at hand for stockers and feeders. Quotations: Choice to fancy steers \$13.10@14.15; Poor to good steers \$8.25@12.40.

Yearlings, fair to fancy \$10.00@13.70; Fat cows and heifers \$6.75@8.20; Canning cows and cutters \$5.00@6.00.

Native bulls and steers \$5.85@10.25; Feeding cattle, 600@1,100 lbs. Poor to fancy veal calves \$1.50@2.95.

Hogs Off After Start.

Some early hog sales locked strong with Saturday, but the general market after the start was 10@150 lower, and in extreme instances packing firms showed 25c decline. Light shipping orders and hot weather enabled the packers to hold prices down despite the small supply. Pigs were scarce and held about steady throughout.

Quotations:

Bulk of sales \$15.10@16.00; Heavy butchers and shipping \$15.8@16.30.

Light butchers 180@230.

Ibs. 15.80@15.20.

Light bacon 145@190 lbs. 15.25@16.10.

Heavy packing 260@400.

Mixed packing 200@250.

Ibs. 14.75@15.15.

Rough, heavy packing 14.45@14.75.

Poor to best pigs 60@135 lbs.

Ibs. 11.75@14.50.

Stags 80 lbs. dockage per head 14.75@15.50.

Lamb, Suffolk, Decline.

Sheep held steady yesterday and lambs sold weak to 25c lower. Only about 30 per cent of the arrivals were saleable, the balance being to the packers from other markets. Trade was quiet throughout and despite light receipts sellers did not have the advantage. A few breeding ewes sold at \$10.50@11.00, but best to killers sold at \$10.00. No lambs were prime enough to be at \$15.25. Quotations:

Lambs, common to fancy \$13.00@15.50.

Lambs, poor to good 10/15 lbs. 9.00@12.75.

Yearlings, poor to best \$2.25@11.00.

Wethers, inferior to choice \$5.00@7.25.

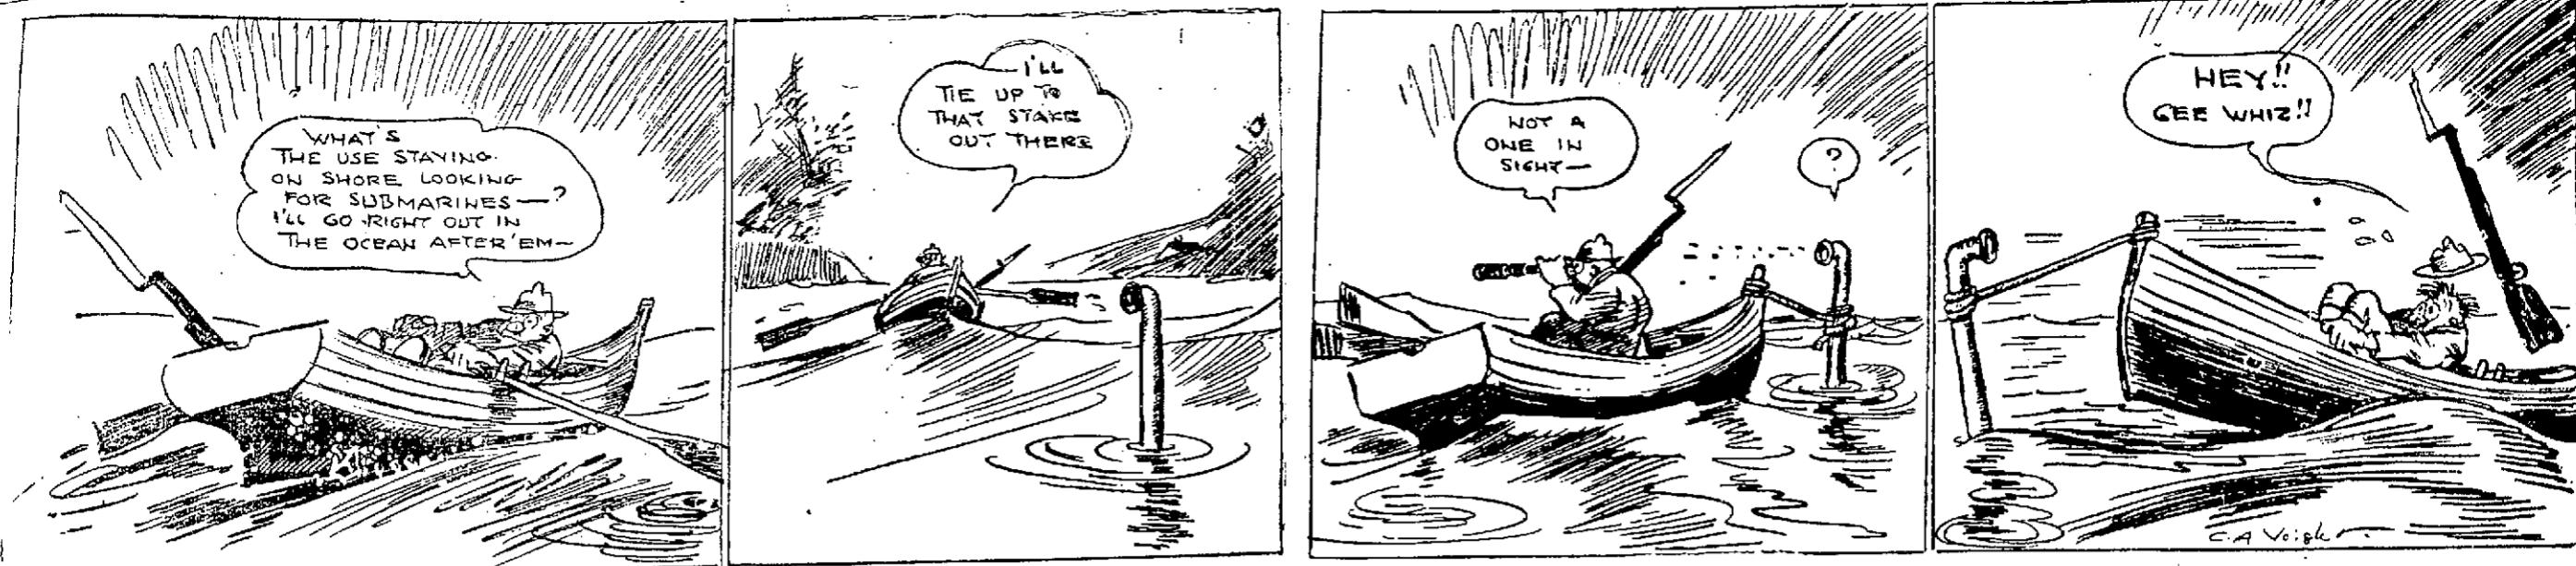

Ewes, inferior to choice \$6.00@7.25.

Bucks, common to choice \$6.00@7.25.

No BUTTER SALES WHEN OFFERED AT 38 CENTS

Eggs July 28—Butter 38c. 50 tubs

Offered No sale.

PETEY DINK—HE'LL SEE A SUBMARINE IN A MINUTE.

## WEST AGAIN BIDDING FOR THE FIGHT GAME

The punch may yet come back to boxing in the Far West. Gregory Mitchell, formerly Sunny Jim Crofton's right-hand man in staging some of California's biggest bouts, is making no bones like a promoter, and said to have leased the building at Los Juana, Mexico, for bouts. Mitchell, according to reports, wants to give the public twenty-round bouts with a decision tacked onto every one of them. No promises, he declares, have been made to boxers, but he expects to start out modestly in September in connection with the idea of Gregory Mitchell, it might be mentioned, that the promoters who cut the throat of their golden New York goose probably will witness, as the result of their avarice, a revival of "the good old times" in the west.

Several western centers may legally stage boxing exhibitions. Reinvigorating "a" non-decoration feature from boxing probably would be equivalent to boosting it immensely.

The old Western League, one of the oldest minor circuits, is wavering. The St. Joseph club has been transferred to Hutchinson, and a general make-over may become necessary.

Miller Huggins, tiny general of the Cardinals, has it all lined out for a clean finish in the National League, despite the steamroller tactics of the Giants.

Huggins believes the Reds' spurt has only started, and that his own club will have considerable to say before it is all over.

Hugo Bezdek is not expected to remain the leader of the Pirates through next year, according to reports. Barney Dreyfuss is believed to have his eye on a major leaguer to succeed the former college man. Larry Doyle has been prominently mentioned, and so has Tom Needham, former Cub catcher.

The charges made against Frank Baker for lending a hand in inducing certain players of the St. Louis Browns to jump have been dropped. Baker, after protesting that there was nothing to the charges and that it wasn't necessary to answer them, decided to write a letter of denial to President Johnson. He made it strong by saying that instead of encouraging any jumping he told the players they would be foolish to jump. The American League head accepted the denial, repudiated or whatever you call it, and dropped the matter.

Not long ago a number of the Giants' were discussing the occasions on which they have been put out of games by umpires for disputing plays, and Jeff Tesreau spoke up.

"I was put out once," said the big pitcher. "This fellow, Johnstone, that used to be in the league, was the one that put me out, and the funny part of it is I didn't say a word to him."

"What did he put you out for, then?" asked George Gibson.

"Why, there was a dispute about a play at second base and Fletcher was arguing with him," replied Jeff, "and all I did was walk over to Fletcher and say, 'Come on, Arthur, the [censored] isn't worth arguing with.'

"Guess Johnstone must have been eaves-dropping, eh?" mused Gibby.

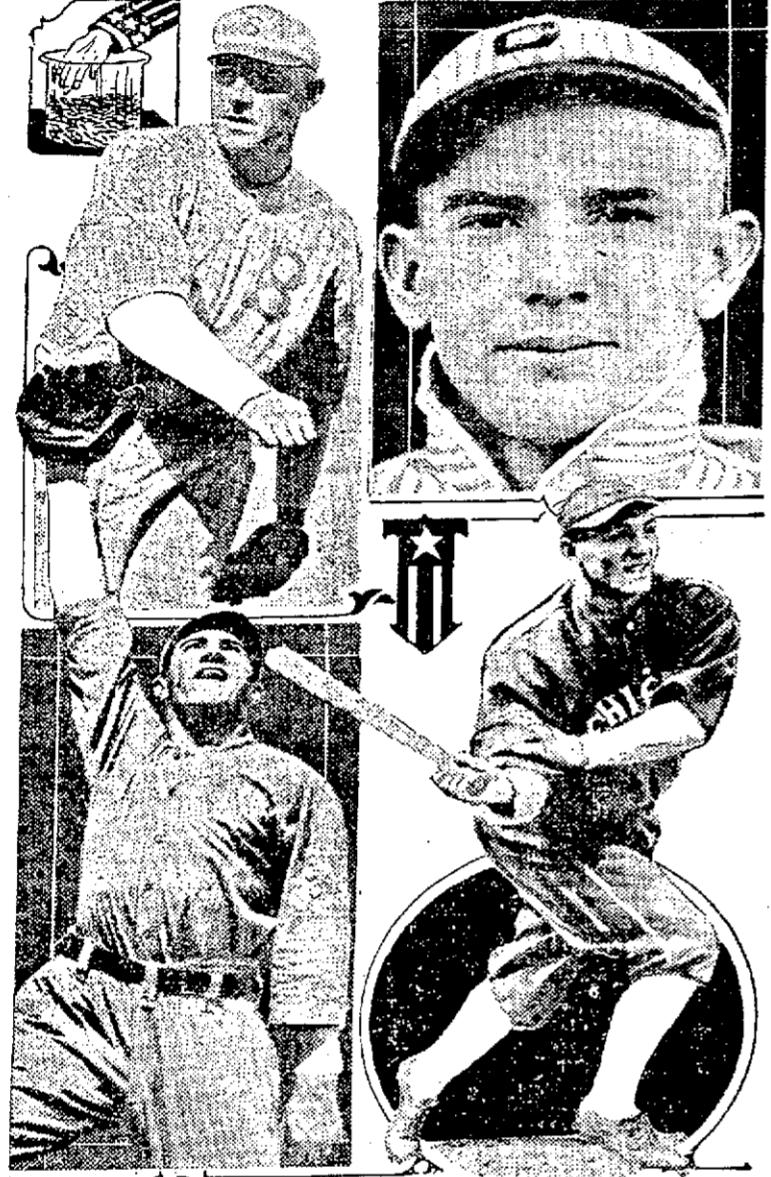

## YOUNG KNEPPER IS ANOTHER GOLF STAR

Rudolph Knepper.

Rudolph Knepper, the 15-year-old city champion of Sioux City, comes from a golfing family and shows promise of winning greater honors within another season or so. His brother is the city champion of Sioux City and his father is president of the state golf association. Young Knepper was recently runner-up in the state tournament.

## HERE ARE SOME OF BASEBALL'S STARS DRAFTED IN FIRST CALL TO COLORS

Left to right, above: Jeff Pfeffer and Jack Graney. Below: Dave Robertson and Buck Weaver.

Although draft reports are not yet complete enough to show just how baseball is to be affected it is already apparent that some of the game's leading figures are to be called to the front. Among the most prominent are Davy Robertson of the Giants, Buck Weaver of the White Sox, Ed Pfeffer, Leon Cadore and Sherrod Smith of the Brooklyn Dodgers, Charley Shorstein of the Red Sox, Evans and Bigbee of the Pirates and Hod Miller of the Cincinnati Reds. Jack Graney, of the Cleveland Indians, a native Canadian, will likely be taken in the Canadian draft.

Read the want ads for bargains.

see them strong bidders for jobs on the Cardinal team.

When it comes to the small matter of getting oodles of publicity next to pure reading matter, Frank Baker of the Yankees is found not so far from the head of the class. First he was a brilliant member of a brilliant young Athletic infield. It wasn't long before a series for the world title came along, and Baker thereupon won the nickname of "The Man Bunt," much to the disgust of the opposition. When the \$1,500,000 field went to the four winds, Baker retired for a time and played independent ball.

Before long he was induced to go to the Yankees, where his inability to hit up his former high estate gave him considerable publicity. Then, however, he never got hard make would break a bone, his hand or something like that. Now Baker is denying that he was trying to influence Pitcher Sothoron of the Browns to play independent ball. Mathewson, Cobb and Speaker have columns handed them on a silver platter, and, as a member of the Big Four, Baker's name should be added.

The reason for John McGraw resigning Jack Murry is explained by the statement that Dave Robertson has enlisted in the army medical corps and is likely to be called into service at any time. Robertson wants to go to France and probably will have his wish before fall.

## SWISS GOVERNMENT LIMITS WAR PERIOD SUMMER BOARDERS

SPECIAL TO THE GAZETTE.

Bale, Switzerland, July 31.—Bavaria is preparing, though very reluctantly, for another dash of tourists from the North German war summer. As the Bavarians regard these visitors from the north more in the light of intruders and boarders than welcome guests, especially at this time when food is exceedingly

scarce, measures have been taken to safeguard the smaller localities from being overrun by famished Prussians.

The Bavarian Minister of War has therefore forbidden by decree parishes of less than 6,000 inhabitants to receive summer boarders, except where it can be proved that the latter have been in the habit of coming there during the last three years.

All who have visited Bavaria and seen what gold-harvest the tourists

from the north will be favored with the epithet of "Sau-Preuse" (Prussian Swine) which even in peace time was the Bavarian favorite greeting for his unsympathetic neighbors.

NEW TRIAL FOR MOONEY  
IN 'FRISCO BOMB PLOT

San Francisco, Cal., July 31.—A new trial for Thomas J. Mooney was recommended by Attorney General U. S. Webb today in a document filed in the state supreme court, where Mooney's appeal from sentence of death is pending. Mooney was tried on a murder charge on outbreak of a preparedness day bomb explosion killing ten persons.

## DID YOU KNOW?

Did you know that there is a law in Germany, which can be invoked by special request, which enables a former citizen of the German empire to swear allegiance to the President of the United States and the constitution, and at the same time retain his citizenship in Germany? If not you have read this and have learned something. Just stop and think how many may have availed themselves of this permission and are today loyal citizens of the United States to all extents and purposes and still citizens of the nation we are at war with?

Where will their sympathies be? With the United States or the "Fatherland" from which they derive their inspiration? Germany, of course, and they are dangerous to the peace and welfare of this nation now at war.

The government is considering a plan to compel newspapers now printed in the German language to be printed in English. It is just and right and should be enforced. How long would a newspaper published in the English language be permitted in Berlin, or any other German city? Not an issue.

There are men who have forgotten the hyphen has been erased from the term "German-American" — now we are at war — and who hold themselves just a little above the average American citizen. Where are their sympathies, with America, or Germany?

Public officials who have ceased to expound the great glory of the German empire and the certain victory they would win, previous to the entrance of the United States into the war, are now expounding on the treatment of Ireland by England, seeking to raise racial difference between members of the allies. Is this loyalty to the flag or is it another way of beating the "Devil about the bush?"

The government is awake to the situation and the order is reported is sued that even hospital units in which persons of German or Austrian parentage are not to be accepted for foreign service. This is a step towards espionage of many citizens of foreign birth of whose loyalty a question is raised. If they continue further and bar the papers published in German it will be truly America for Americans, and not America for foreigners.

## COUNTY NEEDS.

In many counties of the state the various county boards of defense, organized under the auspices of the state board of defense, have added materially in the enrollment of the various military units in their limits, have not only done that, but have made contributions from the county funds and solicited other monies from individuals for the company funds of the various organizations. Here in Rock county the enlistment has had to be personal work of the recruiting details and officers in command of the company, without any financial aid or even moral support of the county board of defense, and as for raising company funds for the Beloit, Janesville and Edgerton platoons, it has not even been thought of. Yet other county boards of defense understood it part of their duty and accomplished the results. Here in Rock county it has remained for the individual cities, where the military units are located, to raise these company funds. Last Saturday Janesville added some five hundred dollars to the total amount of Company M. In Edgerton the business men are promising five dollars per enlisted man, and in Beloit well. Beloit always makes a generous donation to their soldier boys. A couple of thousand dollars does not last long as a fund even though coming from the taxpayers' pockets, when salaries for a manager and stenographer and office expenses have to be deducted. Of course we should expect our local board to do what the Ashland board, way up in the northern woods does, but some one always asks "Why not?" and the answer is, again, "Why not?"

## TEN DAYS.

Now we have word from the official war heads that the Wisconsin national guard are to be mobilized at Camp Douglas within the next ten days. It took Napoleon but a hundred days to escape from the Isle of Elba, march on Paris, reassume the throne of the empire and lose the great battle of Waterloo. It has taken the federal government that time and even longer, to actually decide whether they had equipment for the troops they could call into actual service or not. Why the great empire of France totered and fell long before Secretary Baker at Washington decided whether he could spare the tents and rifles and uniforms for even the Wisconsin national guard units. Yet we wonder at their crime. Wonder why the pro-Germans in this country are so cocky and self-important and assert that their "Fatherland" is going to win ultimately and regret that the United States, the land where they have earned their living and risen to positions of wealth and prominence, has entered this hopeless struggle. If the United States had anyone else than Black Jack Pershing in France. Did not we have behind him the "Sammies" of the regular army and did not know that the national guards of the United States, from colonels down to the rawest private recruit, were just nothing for a chance to do something, we would lose heart. "Buck up, old chap," may be it is not as bad as it is painted and if congress ever gets through with its food bill and its appropriation measures we may expect some sort of action in preparing for the first draft of the national army, which is to be the greatest this nation has ever gathered together. Meanwhile wait for that ten days and the actual summoning of the Wisconsin national guards to the state camp or some other definite point where the men will be armed and equipped. While we are waiting watch the boys of the local unit drill at the Court House park, look into their signal drill, see them go through their guard tours and then wonder why it takes so long to train a soldier.

Although it was claimed that the United States would not get thoroughly into the war before next year, we

have already had some grand hostilities and deadly carnage among the people who are running the ship-building campaign.

It is customary to make fun of the college graduates, but they are not nearly as concealed as the boys who quit school half a dozen years previously because they knew all there was to know.

The book learning the boys got at college did not amount to much, but running broad jumping is very valuable in keeping out of the way of automobiles.

Returning vacationists of course understand that their friends have unlimited time to hear all the details of their trips and do not wish to hear other subjects mentioned.

The boys are taking all possible chances of getting drowned this summer, and after the water is too cold they may be able to connect with a gun during the hunting season.

The newspapers don't often find room to print the roll calls of congress, but there is plenty of space for the scores of the minor league ball teams.

It is claimed that the desolated part of France will be impoverished for a generation, but just think of the Americans who when the war is over will pay a franc a trench to see it.

So far as heard from no one has declined any million dollar legacies, in spite of the heavy taxes over which the millionaires grow so much.

The complaint is made that men and boys don't lift their hats at sight of the flag, but there is no trouble when the batter gets a home run.

It is complained that the circus clowns have just the same old jokes, but anyway they are thoroughly comprehended by the audiences.

Movies for the army training camps, but the government has carelessly neglected to provide best girls to be taken to them.

About now the school teachers are having a restful vacation studying works on apperception, physiology, and pedagogy.

The main thing in selecting a picnic lunch ground is to have a spot that is inconvenient to lug the lunch basket to.

Wireless music is reported, but what the residence neighborhoods are longing for is pianoles music.

People are now preparing to rough it in the country by having a lot of stylish clothes made.

Kaiser William has been sick a good deal, but it doesn't seem to affect his health any.

## ENTHUSIASM.

"Of all the blessed gifts there be," says Uncle Ira Bazzum. "The greatest of the bunch has he who has Enthusiasm!"

"For life is brief and life is swift, (An observation hoary)  
Enthusiasm is the gift of glory.

Enthusiasm leads the way  
Along a path that's cheery,  
It's bright and chipper all the day  
And seldom is it weary.

"It seldom knows a grouch or grump,  
For should a care beset it,  
It's sure to toss it in the dump  
And speedily forget it.

"He stands the worst of life's hard knocks,  
He's full of bounce, he's plastic,  
He gathers in the fame and rocks,  
Who is enthusiastic."

The man who can't hold down his job can't hold up his chin.  
Too Much.  
He moans and raves and tears his hair.  
When vexed, does Wallace Stubbs.  
His shouting troubles all the air  
While he airs all his troubles.

Shaving.  
Whoever first started the shaving idea probably knew very little about hair. He made a great mistake when he didn't read up more on hair. If he had really made a study of hair he would never have invented the first shave.

He didn't know that hair would grow out again.

The man who invented shaves had no idea that more than one would be necessary. When his whiskers appeared again he was astonished. His wife was puzzled and mentioned it to her neighbors. Other husbands tried it and sure enough all of their whiskers grew out again. The custom was soon widespread.

The man who invented shaves had no idea that more than one would be necessary. When his whiskers appeared again he was astonished. His wife was puzzled and mentioned it to her neighbors. Other husbands tried it and sure enough all of their whiskers grew out again. The custom was soon widespread.

There was a day when a man could hold down a good job on the strength of a long beard alone. Five feet of whiskers then would keep him in politics for years. Solomon had to have a wife nor wisdom that he had whiskers.

If a man could have one big shave that would last for several years a shave would not be such a nuisance. As it is full of lots of little shaves and so little is gained by them after all.

Old Fashioned Eats.  
Let people raise  
Aland the bush  
To sing the praise  
Of sing-and-mush.  
—Youngstown Telegram.

And let them tear  
Off a few notes  
In praise of well-  
Known milk and oats.

To eat these days!

## The Daily Novelette

ANNOUNCE PROGRAM FOR  
EDGERTON COMMUNITY DAY

Edgerton, July 31.—The program for the second annual community picnic has been announced. Everything will be free and the community is invited to come and be a guest of Edgerton on August 9th. Following is the program for the day:

9:00 a. m.—Clay pigeon shoot.  
10:00 a. m.—Ball game, Farmers vs. Business Men.

11:30 a. m.—Picnic dinner. Bring basket dinners. The association will furnish hot coffee, cream, sugar and ice cream free of charge.

12:00 p. m.—The following sports will take place:  
100 yard dash, free for all, 1st, \$2; 2nd, \$1; 3rd, 50c.  
50 yard dash, for boys under 16 years, 1st, \$1; 2nd, 50c; 3rd, 25c.  
Relay race for fat men, 200 pounds or over, Business Men vs. Farmers. Winners, box of Max No. 10 cigars; losers, box of Imperial cigars; losers, box of Max No. 10 cigars.

Spit-swinging contest for ladies, 1st, \$2; 2nd, \$1; 3rd, 50c.  
Potato race for girls, 1st, \$1; 2nd, 50c; 3rd, 25c.  
Peanut race for girls 1st, -1; 2nd, 50c; 3rd, 25c.  
Shoe race for boys, 1st, \$1; 2nd, 50c; 3rd, 25c.  
Three-legged race, 1st, \$1; 2nd, 50c.  
300 yard dash, free for ladies, 1st, \$2; 2nd, \$1; 3rd, 50c.

Pie eating contest, 1st, \$1; 2nd, 50c; 3rd, 25c.  
Tug of war, Porter vs. Albion Prairie teams. Winners, box of Max No. 10. (Albion Prairie team won this last year, but the Porter team has been practicing ever since then and expect to smoke the 100 cigar this year.)

1:00 p. m.—Big ball game, Fairbanks-Morse team of Beloit vs. Garden City team of Chicago. (These teams are undoubtedly the strongest semi-pro teams in the middle west. They have met twice this year and each won a game, so this will be the deciding game.)  
2:00 p. m.—The following two teams played at Chicago. Both teams won.  
3:00 p. m.—Dance on the pavement. We have more room this year and special efforts will be made to take care of the old dancers.

Must be all day and evening by the Edgerton Concert Band.

Rest room for the ladies and children on the ground floor down town. Mr. and Mrs. C. S. Midbon are the proud parents of a girl born yesterday morning at Stoughton.

The Chautauqua continues to draw a large attendance despite the hot weather. The band concert on the program last evening was well rendered.

Clarence Johnson of Milwaukee is a guest at his parental home in this city.

Lieutenant Wood was at Stoughton today drilling the Stoughton boys of Company K. Yesterday the local boys of Janesville drilling with Company M's guns.

The main road between Edgerton and Janesville has been blocked at Barker's Corners, as work on the road in the vicinity of the stone quarry is in progress.

FULTON

Fulton, July 30.—Mrs. O. P. Murwin and son, George, left Sunday morning with T. S. Biggar from his home in Walkerville, Ontario, where Mrs. Murwin and George will visit his sister.

Miss Ruth Bentley is home from Chicago for a week's visit with her mother.

On invitation of Mrs. Frank Sayre, about fifty friends of Mrs. Dora Bafrios spent last Friday picnicking at the Scofield cottage. Mr. and Mrs. Barnes and family of Minnesota, have been making an extended trip through the east as far as Maine and were returning home by auto. Everyone had a pleasant time and hoped that Mr. and Mrs. Barnes and family would take their annual outing here.

A number of group pictures were taken and all went home happy, having met their old-time friends again.

Stanley Fessenden has been working at Mr. Livick's, north of Edgerton, but is home at present.

Mrs. John Teubert of South Fulton, has been visiting Mrs. Oscar Ellettson. Miss Nellie Berge of Fort Atkinson is on a vacation. Miss Hazel Luederman of Fort Atkinson is her guest.

Large audiences attended the sermon in the morning and concert in the evening at the church Sunday, both being very good. Through the courtesy of the electric company, three electric fans had been installed, which added to the comfort of the auditors.

On next Sunday evening Richard Lloyd Jones, editor of the State Journal, will speak. He was to have been here two weeks ago, but was unavoidably detained. Mr. Jones is a forceful speaker and all should hear him.

Although it was claimed that the United States would not get thoroughly into the war before next year, we

Club Day: Regular club day at the Janesville Country club will be observed this evening, when a dinner will be served at half past six to be followed by dancing. Many reservations have been made for the supper and a large attendance is expected.

Mrs. F. M. Wolter of Chicago is visiting her son, F. C. Wolter, and family, of 14 South Wisconsin street, for several weeks. She is today celebrating the first birthday of her granddaughter, Betty Frances.

BRIEF LOCAL NEWS.

Members of 318 please take notice that Wednesday evening, August 1st is meeting night. Mary Abbott, R. S. Religious articles for sale. Crucifixes, prayer books, etc., at St. Joseph's Convent.

## PERSONAL MENTION.

Misses Nora Hill and Agnes Schulz have left for a week's visit with relatives and friends at Lake Mills and Fort Atkinson.

Mr. and Mrs. George Miller and family and Mr. and Mrs. Joseph W. Dabson motored to Madison Sunday and spent the day.

Mr. F. Baker was home to spend Saturday and Sunday with his family.

Mrs. J. T. DeCoster and children, of Rock street, have returned from Rockford, Beloit, Freeport, Seward and Pecatonica, returning by auto.

Col. W. T. Dooley has returned from a visit with relatives in Chicago.

Rev. and Mrs. T. C. Thorson and Laura, Clara and Pauline Olson are spending their vacation of two weeks at Lake Kegonsa.

Miss Betty Grossman has returned home after spending several weeks with friends in Roscoe, Ill.

Rosmary and Veronica Spohn have gone to Sheboygan with their aunt, Mrs. John Pechman, who has been spending the last few weeks in Janesville.

Mrs. Anna Hanchett and Mrs. E. V. Whitten have gone to Lake Kegonsa to spend the day at the Barker cottage.

Miss Grace Estes is home from Stanley, Wis., where she is city librarian. She will spend her vacation at the home of her mother, Mrs. J. Estes of the Michaels flats.

Arthur Welsh of South Jackson street, returned yesterday from a business trip of several days.

Janesville Guests.

Mrs. Ballon and Miss Mable Ballon of Rockford, are visiting at the R. H. Gerchel home on Monroe street.

Mrs. James Coggin, Mrs. Fred Boss of Chicago, Mrs. J. C. Chessebro of Elgin, Ill., Mrs. J. E. Hemming and Mrs. Katherine Rielly, both of Leyden, will spend the next two weeks at Lake Kegonsa.

Miss Elizabeth Mason of Chicago has been spending a couple of days in town on business. She was the guest of friends.

E. Finzel of Beloit, spent the day in town on Monday.

J. M. Crandall of Milton, was a business visitor yesterday in town.

James McCarthy of Edgerton, was greeting Janesville friends on Monday.

Mrs. John Sweeney came down from Lake Kegonsa to spend the day in town.

R. F. Ashby of Burlington, Wis., is a business visitor for a few days in this city.

E. Carroll of Rockford is calling on Janesville friends today.

C. N. Carmen of Waukesha, is spending the day in town.

Mr. and Mrs. Fred Marshall of Chicago, are the guests this week of the Misses Davies of 312 Milton ave.

Mrs. E. P. Whitten and children of Evansville are the guests of Janesville relatives this week.

Mrs. R. Gammon of Brodhead is spending the week in town visiting with friends.

Miss Ella Erdman of Berlin, Wis., was in the city recently. She was on her way to Clinton, Wis., to assist with the children's program for the Chautauqua.

Edward Atwood of Minneapolis, returned last evening after spending a few days with his parents, Mr. and Mrs. Charles Atwood of South Jackson street.

Mrs. C. F. Sterns of Chicago, who has been the guest of Mr. and Mrs. E. O. Smith on Prospect avenue, left for home on Monday.

Miss Anna Aleson returned to Chicago today after spending the week the guest of Janesville friends C. B. Berger of Milwaukee, left for that city today after several days spent in town on business.

Miss Elizabeth Alfred of Madison, has returned after a few days' visit with friends in this city.

Mrs. H. A. Flemming of Clinton, who was the guest of Janesville friends last week, has returned home.

George McLaughlin of Chicago, who has been the guest of Doctor and Mrs. Thuerer of 521 Monroe street, returned to Chicago on Monday.

Social Events.

Chief Champion heard the stories from the ladies this morning. He assumed that the proper action would follow, he said.

"This 'rough stuff' has to stop.

There is but one chance in a hundred when an officer has to resort to the use of his club and in no case whatever on a woman."

Shifted for a Reason.

Stein was apparently shifted from the Academy arms on west end beat to the east side of the river several weeks ago because he was alleged to be using his club too freely about the depots and on the toughs in that vicinity. The first night he employed his club so forcibly on a young man, assigned in regular session at West Side U. O. F. M. F. full attendance was requested.

The monthly meeting of the W. C. T. U. which was to have been held on Wednesday was postponed until Thursday, August 2nd. It will be held at the home of Mrs. O. W. Atwood, 1512 Highland avenue, at three P. M. Mrs. M. E. Palmer will be the leader. The national W. O. T. U. is raising funds to send an ambulance to France and each member of the order will be asked to give a dime.

Miss Louise Nowlan of St. Lawrence avenue, entertained a few young ladies in her home on Main street Monday evening in honor of Miss Hazel Detmier of Chicago. A three course dinner was served and music and games finished the evening.

Miss Detmier, who is studying music in Chicago, rendered several vocal selections.

Ben Hur Court will meet in regular session at West Side U. O. F. M. F. on August 1st at eight P. M. Full attendance was requested.

The monthly meeting of the W. C. T. U. which was to have been held on Wednesday was postponed until Thursday, August 2nd. It will be held at the home of Mrs. O. W. Atwood, 1512 Highland avenue, at three P. M. Mrs. M. E. Palmer will be the leader. The national W. O. T. U. is raising funds to send an ambulance to France and each member of the order will be asked to give a dime.

Knocked Her Down.

"Finally he was on Franklin street and before we crossed Milwaukee and before Mrs. Kinney wanted to stop and fix her hair. He refused to permit her and he beat her there. We crossed the street and at the fountain he knocked her down and when she was on the ground he kicked her club. I think that it was on the bridge that he used the club on her head. She had a black eye."

At the police station he slapped her three times with all the force he could command. We were compelled to remain there all night. This morning the officers permitted us to go."

## FIRE AT GAS HOUSE CALLS OUT APPARATUS

Engine Spark Believed to Have Caused Storehouse Roof Blaze—Spontaneous Combustion Possible.

A small blaze in the roof of a storehouse just north of the gas plant gave the fire department its second run today, but the fire was extinguished with slight damage. It is thought to have originated from a spark from a railway engine.

The call was the first one answered by the new "booster" pump since it was taken over by the city. W. A. Scott was at the wheel and the apparatus got a nice covering with dust as firemen had just finished giving it a bath when the siren alarm came.

A rubbish fire at the rear of the Myers hotel was extinguished with chemicals this morning.

Fire Chief Klein calls particular attention of the public to possible conflagrations from spontaneous combustion and requests that means be taken to eliminate sources of fires from this origin.

## GREEN LICE ATTACK

## ROCK COUNTY GRAIN; FEAR SERIOUS LOSS

Wheat, Barley and Rye Fields in Eastern Half of County are Infested With Destructive Insect.

Men are wanted at once for the American field service volunteers to serve as ambulance and transport drivers in France at the earliest possible time. George S. Parker, branch chairman of the military camps training association, who had charge of securing applicants for the first camp, the officers came, has been asked to investigate the extent of the damage which the lice are causing, reported today that wheat, oats and barley fields especially in the eastern half of the county are being infested.

As soon as the barley fields show signs of ripening the lice transfer their activity to the greener wheat and oats fields.

The pests work in the heads of the grain on the tiny stems which attach the kernels to the main stalk. In this manner they deprive the kernels of the sap necessary to mature and ripen the grain which either dries up into a mere shell or drops off the stalks entirely. Contrary to expectation fields which are infested are greened in appearance as the sap continues to rise in the grain stalks.

The lice are entirely different from the barley stripe which is a fungous growth and which has been found in only a few Rock county fields, two near Edgerton and one south of this city. The damage which they cause is even more serious than the barley stripe which confines itself to the barley fields, as every stalk of the barley grain is lost at a total loss.

As far as is known there is nothing that can be done now to check the work of the lice, and some fields may be totally ruined. In others the yield will be less than half the amount estimated a week ago. Grain heads are literally covered with the green pests.

Mr. Markham stated today that the prevailing impression among farmers was that the lice are of the same character as those that have attacked the corn roots in previous years, and the fear is prevalent that they may start their destruction in the corn as soon as the grain has been disposed of. Mr. Markham has reported the matter to the state agricultural department and expects advice from them shortly. He is anxious to learn if there is any way of combating an attack on the corn fields.

Aside from the green lice epidemic, which has been established near Soissons by the French army for this branch of the service, at which the volunteers are given military training, including running, jumping, climbing, and various exercises, there is no transport service. Many men have gone over in the ambulance service, but the great need is now for transport drivers. It is the backbone of the army. On its successful working depends the soldier's comfort, his health, and his power to strike hard and long. In the great offensives where the artillery clears the way and where the barrage fire follows, the enemy's victory depends no less on the munition trucks than on the guns.

A training camp for the service has been established near Soissons by the French army for this branch of the service, at which the volunteers are given military training, including running, jumping, climbing, and various exercises, there is no transport service. Many men have gone over in the ambulance service, but the great need is now for transport drivers. It is the backbone of the army. On its successful working depends the soldier's comfort, his health, and his power to strike hard and long. In the great offensives where the artillery clears the way and where the barrage fire follows, the enemy's victory depends no less on the munition trucks than on the guns.

The age limit is from 18 to 40, but older or younger will be accepted if the candidate is convinced that he can do the work. A candidate must be an American citizen, able to drive and repair automobiles. Expert knowledge is not required, but practical experience is essential. Enrollment is for the duration of the war.

All expenses must be paid by the volunteer. The initial expense in France is about \$320; incidentals, \$15 a month. Board and lodgings is free from the time the volunteer reaches Paris. All information regarding details of enlistment may be obtained from Mr. Parker. Enlist in the service for immediate action in France.

## OBITUARY.

**Ben Jaekle, Formerly Local Harness Maker, Goes to France With Ordnance Corps.**

One of the first Janesville boys to reach France, and believed to be in the expeditionary force under General Pershing, is Ben Jaekle. Mr. Jaekle is a harness maker by trade, and some time ago went to the Rock Island arsenal where he was in the government employ as a foreman in the stitching shop of the harness works.

Upon the declaration of war he enlisted in the ordnance corps and soon afterward was ordered to Now in France.

A cable received by his brother, William G. Jaekle, of this city, told of his safe arrival at a French port, but since that time no word has been received from him. It is believed that he is at the training camp near San Quentin where the American troops are quartered.

Miss Louise Nowlan of St. Lawrence avenue, entertained a few young ladies at an annual luncheon to which most of his contingent in a hall which was the headquarters of the Germans in 1914, at the point nearest Paris. The men are under command of French officers and are being given army training. Janesville friends of Pond and Loomis have received cards and letters telling of their arrival at the training camp.

Mrs. Louise Nowlan of St. Lawrence avenue, entertained a few young ladies at an annual luncheon to which most of his contingent in a hall which was the headquarters of the Germans in 1914, at the point nearest Paris. The men are under command of French officers and are being given army training. Janesville friends of Pond and Loomis have received cards and letters telling of their arrival at the training camp.

Mr. and Mrs. Charles Wright and daughter, Lucille, of Milton avenue, are home from an automobile trip of a few days to Racine, Wis., where they visited friends.

Mr. and Mrs. James H. Hirsch of the Hotel Myers, were Delavan Lake visitors this week.

Mr. and Mrs. J. C. Harlow were the guests this week of their son and daughter, Mr. and Mrs. John Harlow of Madison.

The Misses Margaret, Ruth and Gertrude Bailey of Jefferson avenue, are home from a visit of several days with relatives in Monroe, Wis.

The Misses Mary and Nellie Leahy of the Schmidley flats, have returned from a few days' visit in Chicago.

T. E. Welsh of Jackson street, was over Sunday visitor in Chicago.

**WAS \$1500 NEW**  
BUT OUR PRICE IS \$450.

A cash offer will bring you an ex-  
tra cut in this already low price  
before Saturday.

## WISCONSIN WOMEN MUST FILL PLACE OF MEN IN DRAFT

[SPECIAL TO THE GAZETTE]  
Milwaukee, Wis., July 31.—Manufacturers of the state were today brought forcibly to the realization that hundreds of women must be drafted into positions vacated by mobilization of the National Guardsmen and the draft of thousands of other men.

Reports from several large manufacturers indicate that output has already been seriously affected by the drawing into service of trained workers. Many factories working on war orders for the government are affected. Quite naturally, it is said, officials have never faced a similar labor problem and thus have been slow to grasp the significance of the change.

It is conservatively estimated that between 8,000 and 10,000 jobs will be open for women workers by Sept. 1, when practically all of the new national guard is expected to be in the ranks. In Milwaukee county alone more than 5,000 jobs will be open and manufacturers are preparing to employ hundreds of women and girls.

County councils of defense are co-operating with business men in an effort to raise the help needed. Women are slow to respond, simply because they have little confidence in their ability to be declared fit by a prominent leather manufacturer.

The problem becomes even a greater one, officials say, because the war is causing a great demand for certain products while at the same time it is taking men away. The increased demand calls for an increase in the number of workers.

While there are men, not called into service, who are available, manufacturers many prefer inexperienced women workers to men. Women are more easily adapted to conditions it is said, and in certain cases prove more efficient than men. This applies particularly to light work. In plants where packing and wrapping is a large item, women are generally preferred.

Not only do local labor conditions call for women to fill men's places but the government, in the state of war work, is doing the same. The service of women in many new branches of government service have been opened to women. Shortly, in federal districts throughout the country, examinations will be conducted for positions as sub-inspectors of ammunition, draftsmen, copyists, stenographers and other branches—all of which are open to women as well as men.

It is generally believed that women workers in a large measure will be paid as well as men. Piece work, it is said, will give the same rate to women as to men.

Fears that the advent of women in the working field will prove disastrous to men after the war are dispelled. It was believed that this connection that women would work for smaller salaries than men, thus securing themselves in war-won positions. It is pointed out that if women are paid on the same scale as men such condition could not long exist.

England and other countries, it is said, have effectively blocked such contingency by adopting the equal wage and equal conditions policy.

State, county and city, as well as federal authorities, are preparing to watch labor conditions closely with the egress of women from the sewing circle to the factory. A plan proposed and ready to put into effect here is the

FINE.  
Isn't it fine when the day is done,  
And the pretty battles are lost or  
When the gold is made and the ink  
is dried  
To quit the struggle and turn aside  
To spend an hour with your boy in  
play  
And let him race all of your cares  
away?  
Isn't it fine when the day's gone  
well,  
When you have glorious tales to tell,  
And your heart is light and your  
head is high  
For nothing has happened to make  
you sigh,  
To hurry homewards to share the  
joy  
That your work has won with a lit-  
tle boy?

Isn't it fine, whether good or bad  
Has come to the hopes and the plans  
you had,  
And the day is over, to find him  
Thinking you splendid and just and  
fair,  
Ready to chase all your griefs away  
And soothe your soul with an hour  
of play?

Oh whether the day's been long or  
brief,  
Whether it's brought to me joy or  
grief,  
Whether I've failed, or whether I've  
won,  
It shall matter not when the work  
is done  
I shall count it fine if I end each  
day  
With a little boy in an hour of play.

appointment of a woman supervisor  
for large factories employing many  
women. A woman supervisor watches  
over women workers in every one of  
the 8,000 or more government plants  
in England.

CLINTON NEWS

Clinton, July 30.—The Great Mutual  
Chautauqua system opened its enter-  
tainment here last Saturday, and is  
more than pleasing to the people of  
this area. Despite the intense heat,  
it is very comfortable under the large  
open tent. The parade held last Fri-  
day evening, taking in the children of  
the community, was given as a pre-  
lude of the junior chautauqua. Twenty  
auto and four ponies were in line, all  
very tastily decorated. After the drive  
through the streets of the village, they  
ended up on the school grounds  
where the chautauqua is being held.  
The kiddies were given an oppor-  
tunity to win a season ticket by vari-  
ous stunts as follows: Little boys' foot  
race, William Huber; little girls' foot  
race, Helen Smith; big boys' foot  
race, Mortimer Huber; big girls' foot  
race, Beulah Wolfgram; wheelchair  
race, Lawrence and Henry Evans.  
After this the prizes were awarded for  
those in the parade. Prettiest decorated  
car: 1st, J. Zwolanek; adult sen-  
ior ticket: 2nd, Dora Latta (pony  
cart); junior season ticket: 3rd, Je-  
rome Terwilliger; junior season ticket:  
Most cleverly decorated car: 1st,  
Leonard Hamilton; adult season tick-  
et: 2nd, Clayton Stoney; junior season tick-  
et: 3rd, F. B. Keeler. Junior season  
ticket was held on Saturday and Dor-  
othy Gray and Ramona Wells  
were the lucky ones.

Mrs. Alice Thomas of Rockford, ar-  
rived last night for a week's visit with

her son, Dr. Thomas. Mr. and Mrs.  
John Thomas and Paul Eddy were  
here last night to attend the chautau-  
qua.

Six auto loads of people from Wood-  
stock, members of the Danish church  
there, drove over to attend the all  
day session held at the North Side  
Danish church on Sunday.

E. B. Hawks and Cliff Barnum were  
home from Fort Sheridan on Sunday.

Mr. and Mrs. E. H. Tubbs and Phil-  
lip Lawson, motored to Lake Wau-  
beka on Sunday to visit Mr. and Mrs.  
Leon Patterson.

Myrtle, Evelyn and Arlene Stoney  
of Beloit, are visiting at the home of  
their uncle, Clayton Stoney.

## PORTER

Porter, July 30.—Mr. and Mrs. Al-  
bert Smith and daughter of Edgerton,  
visited on Sunday at the home of O.  
Mable.

Mr. and Mrs. Warren Porter and  
children motored to Janesville on Sun-  
day.

Thomas Frusher visited on Sunday  
at the home of Mrs. Mary McCarthy.

Mr. and Mrs. F. Collins and children  
of Fellows' Station, spent Sunday at  
the home of her sister, Mrs. J. Hyland.

Curtis Benson of Stoughton, spent  
last week at the home of his uncle, J.  
Hyland.

Miss Anna Ford returned to her  
home on Sunday, fully recovered from  
her recent operation.

Misses Catherine Mable and Lulu  
Casey spent Sunday at the home of  
Miss Margaret McCarthy.

Misses Phillips of Edgerton, spent  
Sunday at the home of their aunt, Mrs.  
S. Phillips.

Mack and Donald Sweeney called  
on Sunday afternoon at C. W. McCarthy's.

Mr. and Mrs. Clem Ludden and  
children visited on Sunday at C. W.  
McCarthy's.

## CENTER

Center, July 30.—Harvest time is  
fast approaching. Now and then one  
sees a field of rye or barley in shock.

A nice, gentle rain would be very  
beneficial to the tobacco, corn and po-  
tato crops, although they are doing  
fine.

Mr. and Mrs. J. E. Davis, F. L. Davis  
and Mrs. Ed. Davis motored to Har-  
lem park Sunday and spent the day

Mrs. Beulah Schroeder of Aurora,  
was visiting at the home of her  
aunt, Mrs. Lena Long and other rela-  
tives in Center and vicinity.

Jay Fuller was business visitor in  
Madison last Thursday. Will Harn-  
ison accompanied him.

The Misses Eva, Edna and Wanda  
Schroeder of Janesville, who recently  
were the owners of a new car, were  
calenders for Sunday.

Miss Florence Davis has been en-  
gaged to teach the grammar depart-  
ment of the Footville school, and Mis-  
s Laura Boot, a former Center girl, is  
now of Milton Junction, is to take  
charge of the primary department.

Mrs. Will Dixon, Mrs. Mac Fuller  
and Mrs. Jay Fuller motored to Janes-  
ville Saturday afternoon.

Mr. and Mrs. Howard Winn and  
son motored to Beloit and Shopley  
sometime last week to visit friends.

Emery Dunbar spent the past week  
attending the horse races at Detroit.

## Heart and Home Problems

BY ELIZABETH THOMPSON

LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE

Dear Mrs. Thompson: I am a woman thirty-two years old and have been married for eight years. I have three little children. I never loved my husband as much as I should have to marry him. He and I were friends all through high school and went with each other after our school days until we were finally married.

(1) I went out with a young man one night I told him he wasn't good-looking like other fellows, and he got angry. Now I am awfully sorry. I said that because I love him very much. I don't apologize to him I know I shall go crazy. What shall I do?

(2) Is it proper for a girl to call a boy over the phone if he tells her to?

(3) Get all the exercise you can, and stop eating rich foods. You should not drink milk at all, and you should not drink water with your meals. Do not eat pork, pastries or candy.

(4) Live the best you know how and consider your own conscience rather than what people are going to think about you. If you have self-respect others will respect you, too. Pay no attention to the lies that people tell; live in such a way that it will be evident to others that the things told are lies.

(5) Write him a courteous note and ask him to return the ring. If you say anything that will anger the young man when you write he may not bother to comply with your request.

(6) It will be best for you to do nothing at all. Even if he doesn't come back, you are better off if you have learned something from your mistake.

(7) In a very few cases it is all right, but in most cases it is not. The young man will phone when he is wrong to continue marriage when love is dead. Don't you think it ought to go to the man I love under the circumstances?

## WORRIED AND DOUBTFUL

I do not remember saying that it is wrong to continue marriage when love is dead. I think divorce is wrong except in extreme cases when it is absolutely necessary. You have no cause for divorce, and probably the courts would not grant it were you to seek one. Be true to your husband and your children, and above all be true to yourself, which you cannot be if you permit a secret love. Ask the man to find another.

## The Business of Living

Douglas Recognizes Eleanor and A Great Load of Suffering Is Lifted From Her Heart

When Eleanor realized that it was the husband's hand that she touched, the husband whom she had mourned as dead for six weeks, her heart swelled with emotion. As she knelt by the bedside her tears dropped on the pillow. "Oh, help me to do the right thing to bring him back to life and strength; to give him back his memory," she prayed. The sick man stirred in his sleep.

"Douglas, dear Douglas," she whispered, passing softly over his forehead. His eyes flew open at the sound of her voice and he lay looking fixedly at her. "It is Eleanor, your wife," she whispered, her heart beating so fast it was difficult to speak. "We do know her."

"Eleanor," he repeated with a troubled look as if trying to remember where he had heard the name before.

"Don't you remember Eleanor and Jack and Margaret and the baby?"

The children are so hungry to see Daddy," she continued in her gentle voice.

"Eleanor," The troubled look gave place to one of pain. "Why did you not come before? It has been so long." The tone expressed great weariness. "Where were you?"

"I have been hunting up and down the earth for you, dear. I could not find you, but now we are together and you will get well very fast. You have been very sick, you know."

"Yes, I know," he replied wearily. "Where am I?"

"You are in a hospital; we will go home just as soon as you are able to travel." She kissed his pale cheek

and the troubled eyes. "Don't try to think now, dear. Can't you go to sleep again?" He shook his head. "Just lie here and rest then. I will sit quietly by you." She rose from her knees and drew a rocking chair to the bedside. Taking his hand between her own she gently stroked it. "Tell me how I came here," he said after he had gazed at her in silence for some time. The troubled look growing in his eyes.

"You had better not talk, dear Douglas," she answered, afraid of making him worse.

"I am all confused. I want to know what has happened. It will not hurt me," he answered, looking steadily at her.

"You were taken sick and fell unconscious on the street and were picked up in front of the Olympic club. The men who found you did not know who you were and sent you to the hospital under another name, the name of someone who looked like you. Do you remember you had a double?" Douglas looked troubled.

"Yes, I could not find you anywhere and thought you must have been killed, but now we are together and everything is all right."

He seemed to be making a great effort to straighten out the tangle in his mind. Eleanor softly stroked his hands and said nothing. Finally his face cleared a little. "Where are the children?" he asked quite naturally.

"Aunt Laura is caring for them, you know."

"Aunt Laura," he whispered and a smile lit across his face.

"He certainly is remembering," thought Eleanor, her heart singing with thankfulness. "Now we must not talk any more for a while or the doctor will not let me stay with you."

The troubled look crept back into his eyes again and he gripped her hand nervously. "Don't leave me," he begged.

"I shall stay here and take care of you till you are well enough to go home with me," she soothed, "but we

will go home just as soon as you are able to travel."

She kissed his pale cheek

and the troubled eyes. "Don't try to think now, dear. Can't you go to sleep again?" He shook his head. "Just lie here and rest then. I will sit quietly by you." She rose from her knees and drew a rocking chair to the bedside. Taking his hand between her own she gently stroked it. "Tell me how I came here," he said after he had gazed at her in silence for some time. The troubled look growing in his eyes.

"You had better not talk, dear Douglas," she answered, afraid of making him worse.

"I am all confused. I want to know what has happened. It will not hurt me," he answered, looking steadily at her.

"You were taken sick and fell unconscious on the street and were picked up in front of the Olympic club. "I am all confused. I want to know what has happened. It will not hurt me," he answered, looking steadily at her.

"You were taken sick and fell unconscious on the street and were picked up in front of the Olympic club. The men who found you did not know who you were and sent you to the hospital under another name, the name of someone who looked like you. Do you remember you had a double?" Douglas looked troubled.

"Yes, I could not find you anywhere and thought you must have been killed, but now we are together and everything is all right."

He seemed to be making a great effort to straighten out the tangle in his mind. Eleanor softly stroked his hands and said nothing. Finally his face cleared a little. "Where are the children?" he asked quite naturally.

"Aunt Laura is caring for them, you know."

"Aunt Laura," he whispered and a smile lit across his face.

"He certainly is remembering," thought Eleanor, her heart singing with thankfulness. "Now we must not talk any more for a while or the doctor will not let me stay with you."

The troubled look crept back into his eyes again and he gripped her hand nervously. "Don't leave me," he begged.

"I shall stay here and take care of you till you are well enough to go home with me," she soothed, "but we

will go home just as soon as you are able to travel."

She kissed his pale cheek

and the troubled eyes. "Don't try to think now, dear. Can't you go to sleep again?" He shook his head. "Just lie here and rest then. I will sit quietly by you." She rose from her knees and drew a rocking chair to the bedside. Taking his hand between her own she gently stroked it. "Tell me how I came here," he said after he had gazed at her in silence for some time. The troubled look growing in his eyes.

"You had better not talk, dear Douglas," she answered, afraid of making him worse.

"I am all confused. I want to know what has happened. It will not hurt me," he answered, looking steadily at her.

"You were taken sick and fell unconscious

NOTICE TO FEED BUYERS.

In order to give our patrons the best  
of service at the lowest possible  
prices, we have made the following  
charges on our business.

Delivery service will be han-  
dled by Mr. Oesmann with Ford  
trucks, which will assure you quick  
service at the very lowest cost.

He will collect and give you re-  
ceipts for all goods delivered.

All orders for less than \$1 must be  
paid for when delivered. In other  
words, we will not charge anything  
under \$1.

A charge of 5c will be added for  
each sack that our drivers cannot  
empty. This 5c will be refunded  
when sack is returned in good con-  
dition.

This charge also applies to farmers,  
teamsters and others who take grain  
with them and do not have their own  
sacks.

All charge accounts must be paid  
every 30 days. We pay cash for  
everything to be paid and cannot af-  
ford to carry them longer.

With your co-operation regarding the  
above changes we both benefit. You  
pay your feed for less and get the  
best service. We get increased busi-  
ness and get the very best class of  
trade.

We neither of us pay someone else's  
bad debts. We will pay you to watch  
this space every night.

F. H. GREEN & SON.

DR. H. J. HEDDER—

Mr. and Mrs. S. F. Randall spent  
Sunday at Clarence Randall's.

Miss Zetta White spent the week  
entertained at Delavan.

George Miner of Janesville is visit-  
ing his sister, Mrs. M. Bennett.

Leon Piper is enjoying a week's vaca-  
tion from his duties in the Farmers'  
State Bank.

Harold Lindemann of Whitewater  
spent Sunday at home of Mr. and Mrs.  
Fischer.

Mr. and Mrs. H. N. O'Brien and Mr.  
and Mrs. H. J. Heyer left this morning  
for an auto trip to Camp Douglas,  
where they will visit the Darien boys  
who are stationed there.

A large crowd here attended the  
ice cream social net at M. J. Wil-  
kins' Friday evening, and a fine program  
was enjoyed by all. A part of the  
Darien Cornet Band furnished the  
music for the evening.

Mr. and Mrs. Edgar Fields and Miss  
Louella Fields of Walworth called at  
Charles Fiske's Sunday afternoon.

Mr. and Mrs. Henry Frank motored  
to Rockford Sunday afternoon.

Miss Gertrude Lawson of White-  
water visited the home folks over  
Sunday.

Delos Harrington, Miss Marian  
Weaver and friend of Elkhorn were  
entertained at the home of Dr. J. F.  
Rood Sunday.

Joe Richards is enjoying a vacation  
from his duties at Reed's store.

Mrs. J. C. Woodford and three  
daughters departed this evening for  
Duluth, Minn., to visit her sister, Miss  
Helen Bonow.

Mrs. Maggie Mulford and daughter  
Emeline of Elkhorn are at the home  
of her son Ames while Miss Mary  
Fogel is taking a vacation.

Mrs. Lydia Johnson returned from  
Wautoma Saturday for an indefinite  
stay at the home of her sister, Mrs.  
Henry Rockwell.

The interior of the school house in  
the Jones district is being redecor-  
ated.

Mrs. Charles Frey and Mrs. L. T.  
Wheeler were Delavan visitors today.

Mr. and Mrs. Frank Horder and  
daughter Marion motored to Beloit  
Sunday.

Mr. and Mrs. C. M. Confer and Mr.  
and Mrs. W. G. Beak motored to Beloit  
and Janesville Sunday.

Mrs. Nelson of Chicago is visiting  
at Ed Wells'.

Mr. and Mrs. S. F. Randall spent  
Sunday at Clarence Randall's.

Miss Zetta White spent the week  
entertained at Delavan.

George Miner of Janesville is visit-  
ing his sister, Mrs. M. Bennett.

## BUILDING BEAUTY INTO HIGHWAYS

Planting Trees Along Roadway  
Adds Attractiveness.

### WEEDS SHOULD BE REMOVED

More Attention Should Be Given in Future to the Development of Aesthetic Possibilities of Highway Construction—Shrubbery Also Is of Economic Value.

The scramble in the past to secure so-called permanent roads, economic roads, or even any roads at all, has at most entirely excluded any thought of beautifying the roadway by the planting or preserving of trees and shrubbery or by taking other steps which add to the appearance of the road. In the planning for and building of such a large mileage of highways which, as reports from all sections of the country indicate, will take place in the future, more attention should be given to the development of the aesthetic possibilities of highway construction.

True peerless has been attained in the art of road building at the present time is due to the automobile, and to the automobile may also be charged the great amount of road building activity in the nation today. Gravel roads have been beaten, and the traffic lines within which this type will prove economical have been greatly revised. Water bound macadam roads, formerly considered the height of excellence for country road construction, have quickly evolved under the automobile traffic, and it has been found necessary to treat their surface, thereby greatly increasing the service which they are able to render. Bituminous concrete, cement concrete and brick surfaces have been adopted for country roads and provide long lived, hard surfaced roads well suited to the needs of both horse drawn and automobile traffic.

Few there are who do not experience a pleasurable reaction when travelling a road lined with luxuriant trees which enhance the beauty of the landscape and supply refreshing shade from the summer's heat. Is it not proper that in the present day program of road building

### LA FOLLETTE RANTS OVER U. S. EMBARGO AFFECTING NEUTRALS

[SPECIAL TO THE GAZETTE]

Madison, Wis., July 31.—That the proclamation by President Wilson placing an embargo on all food grains will drive the smaller countries of Norway, Sweden, Denmark, Holland and Switzerland into war on the side of Germany is the opinion expressed by Senator Robert M. La Follette in a signed editorial in his magazine today. The caption of the editorial is "Dare to Remain Neutral and You Starve." He discusses the moral and legal right of the government to declare this embargo which he characterizes as the "barbarous mandate of this Christian government to the neutral democracies of nations."

The article is 3,000 words in length and goes into the history of the entire subject.

"To recapitulate, there is, therefore, no likelihood, scarcely a possibility, that Norway, Denmark and Sweden will divide in the event of either of the countries being forced into this war," says Senator La Follette. "Nor is there any likelihood that Sweden and Norway will permit Russia a free road over the northern part of Sweden and Norway into Altonford or Lofoten. They believe that Russia, once in, can never be forced out. The very life of Denmark depends upon her not entering the war against Germany, and likewise the very life of Sweden depends upon never permitting Russia to foothold on its soil. Furthermore, the logic of the entire situation must inevitably hold Norway in the alliance with Sweden and Denmark. No surer policy could be devised of inevitably forcing the Scandinavian people into the war with Germany, and against the United States, than the ruthless, unfeeling, stupid policy of an ultimatum of starvation which leaves "Fight With Us, Or We Will Starve You To It."

Consider now the situation of Switzerland. Switzerland as a neutral country serves as a protection to the right flank of the allied armies. As a belligerent on the side of Germany, she would furnish the best possible route for an attack upon France, and the result of such an attack would seem to be most disastrous. Switzerland, bordering on France, Italy, Austria-Hungary and Germany, would offer through her mountain passes an easy avenue of attack upon one or more of the contiguous countries.

"Hence any policy prosecuted by the United States or the allies which would result in forcing Switzerland into the German alliance would be little more than a fatal blunder."

If President Wilson would follow Jefferson's humane example, he would not commit this government to the murderous policy set up by England and pursued by Germany—the object of which is to starve the people of an entire country.

"It has no precedents. It is not the siege of a fortified city from which the civilian population are given the opportunity to withdraw."

"It is not the devastation of a belt of enemy country which is subsisting an enemy army whence the non-combatants may find sustenance in neighboring sections of their own land."

"It is the destruction of a people."

"It means deliberately to kill by slow starvation, not soldiers, but the weak, not the healthy, but the infirm, the old, the young—the tender little ones. These will be the first to die by this twentieth century war system."

### BOY OF 14 CAUSED BIG LUMBER FIRE

Appleton, July 31.—Arthur Wells, aged 14, was responsible for the \$50,000 fire which occurred here Saturday, when practically the entire plant of the local lumber company was destroyed by fire. Wells admitted to District Attorney Callin that he had been smoking cigarettes in the yard Saturday morning. He was brought into court this morning and sentenced to four years in the Waukesha Industrial School by Judge Spencer.

A WELL WOODED ROADWAY.

ing consideration should be given to the planting of trees along the roads, thus adding pleasure and comfort to the travelers of the future?

But the pleasure of trees is not the only way to beautify the roadside. Clean, well kept cuts and ditches, sodded and free from unsightly weeds and brush, add very materially to the appearance of the turnpike. A span or years is not required to secure results, as is the case with tree planting. Attractiveness can be incorporated into the construction of the road and preserved as a part of the maintenance. And the additional cost is slight compared with the noticeable effect upon the appearance of the road.

Beauty is economy too. The growing of trees along the public roads removes to a degree the injurious effect of the wind on earth, gravel and macadam roads. In most parts of the United States trees are desirable since they prevent the road from becoming as dry and dusty as it would without the shade which they afford. Trees or shrubbery along cuts prevent the obstruction of the road by drifting snow to a large extent. Sodded banks overgrown with grass, besides being pleasing to the eye, prevent erosion and, in sandy soils, help retain the sand in place. To secure good side drainage the ditches must be kept free from weeds and brush, thereby greatly improving the road from a practical and aesthetic standpoint.

In the future, then, with a large mileage of scenic highways within its borders, a state may well say that its roads are its fortune. The influx of tourists seeking pleasure and entertainment in the changing landscapes will bring no inconsiderable financial return to the highest bidder for their favor—the section which offers the best and most attractive highways. Thus the beautification of the highways should bring economic and direct financial returns and make the roads a source of pride and joy to the community.—American City.

If a man actually knew at forty as much as he thinks he is going to know at sixteen it would be a wiser and a much happier world.—Detroit Free Press.

When keeping the yolks of eggs for a day or two drop them in a little cold water. It will prevent the yolks from hardening.

### U. S. PARENT SHIP CAN MANUFACTURE ANCHOR OR NEEDLE

[SPECIAL TO THE GAZETTE]

With the American Destroyer Flotilla in British Waters, July 31.—"We can make most anything a destroyer wants"—from an anchor to a needle.

An American sailor doing his bit aboard the big parent ship that took the big gunless ship that delivered himself of this tribute to the great war vessel as he fled away at a big piece of brass. The metal had been cast right there on the ship to make a propeller for a small boat and he was now taking off some of the rough edges.

The destroyer that wanted that propeller didn't have to go ashore to get it done. Instead the order was sent to the foaming workshop which was turning out the screw in quick time and with the very best guarantee of superior workmanship.

On another deck, William Cline, executive chef at some of the most expensive hotels in America, was standing at his table lading food for lusty young American sailors. Stewards were bringing in big tubs with empty trays, having them refilled and then scurrying back to the mess-room where hungry youngsters moved in a cafeteria line to get their lunch.

"I cooked in hotels in Atlantic City where they charged fancy prices," said Cline, "but the food was no better than what we are serving this morning, I can tell you."

Rations are unknown. The luncheon bill was vegetable soup, cold ham and beef, plenty of bread and butter, tapioca pudding and coffee. The sailor Oliver Twist may keep on coming back for more until he has had enough.

This luncheon bill included an item that King George and Lloyd George do not have—pure white bread. Big flour magazines are stuffed with sacks of adulterated flour and when the white-clad bakers have cleaned up the last of it there will be more coming from the United States.

The parent ship supplies the destroyers with bread. It also contains

the department store where sailors replenish their lockers. There is a bazaar booth fitted out with white enamelled equipment. And there is a hospital where human repairs go on while the workshops are fixing damaged vessels.

There's a laundry, a bank, a post office, a miniature ice-cream factory, an electrical shop, a carpenter shop—there's even a jail for offending citizens of the floating community.

The submarine-hunters may see aboard ship the best American movies—better than those shown at night in the single movie show which this base town supports.

The English would call her a depot ship. To the American Navy she is a parent ship and the submarine fight over her has proved the foresight of her builders.

Stewards were bringing in big tubs with empty trays, having them refilled and then scurrying back to the mess-room where hungry youngsters moved in a cafeteria line to get their lunch.

"I cooked in hotels in Atlantic City where they charged fancy prices," said Cline, "but the food was no better than what we are serving this morning, I can tell you."

Rations are unknown. The luncheon bill was vegetable soup, cold ham and beef, plenty of bread and butter, tapioca pudding and coffee. The sailor Oliver Twist may keep on coming back for more until he has had enough.

This luncheon bill included an item that King George and Lloyd George do not have—pure white bread. Big flour magazines are stuffed with sacks of adulterated flour and when the white-clad bakers have cleaned up the last of it there will be more coming from the United States.

The parent ship supplies the destroyers with bread. It also contains

the department store where sailors replenish their lockers. There is a bazaar booth fitted out with white enamelled equipment. And there is a hospital where human repairs go on while the workshops are fixing damaged vessels.

There's a laundry, a bank, a post office, a miniature ice-cream factory, an electrical shop, a carpenter shop—there's even a jail for offending citizens of the floating community.

The submarine-hunters may see aboard ship the best American movies—better than those shown at night in the single movie show which this base town supports.

The English would call her a depot ship. To the American Navy she is a parent ship and the submarine fight over her has proved the foresight of her builders.

The destroyed that wanted that propeller didn't have to go ashore to get it done. Instead the order was sent to the foaming workshop which was turning out the screw in quick time and with the very best guarantee of superior workmanship.

On another deck, William Cline, executive chef at some of the most expensive hotels in America, was standing at his table lading food for lusty young American sailors. Stewards were bringing in big tubs with empty trays, having them refilled and then scurrying back to the mess-room where hungry youngsters moved in a cafeteria line to get their lunch.
